

This compact interior light embodies a professional engineering solution tailored for both OEM and aftermarket applications, presenting a blend of cost-effectiveness and efficiency. Its compact design makes it perfect for limited space environments still requiring a bright smooth light. Aided by a constant current electronic control, this LED strip light promises protection against circuit damage.

- » “Best in class”LEDs
- » Ultra-bright illumination
- » Opaque diffused lens for smooth cool white output
- » Un-Switched, PIR Sensor (3 mins) & Switched options (no moving parts, works with gloves)
- » Easy installation with fly lead connection (470mm)
- » Suitable for both OEM and Aftermarket applications
- » Fully compliant with the external projection requirements for head impacts
- » Developed for the harshest environments
- » Designed in the UK

Part Number	Function	Length	Lumens
391.ICL700VV	Un-Switched	220mm	300lm
391.ICL701VV	Switched	220mm	300lm
391.ICL702VV	PIR Sensor	220mm	300lm
