WARRANTY

The DBG Raider R65 LED lightbar has been designed to meet the needs of any application in the most extreme conditions. Its stand-out feature is the quick and easy change of the LED modules for minimal downtime and that the lightbar doesn't need to be removed from the vehicle. Meets all approvals including R65 Class 2 (dimming mode) & CISPR 25 Class 3.

Part Number	Length	Mounting	LEDs
308.R24CR65	613mm (24")	4 Bolt	108
