

* All models available with green lenses

The DBG Valueline R10 LED Beacons have been designed to be both economical and reliable with epoxy encapsulation for improved durability compared to some budget beacons. Available with an amber or greens lens, these beacons are ideal for plant and construction industries with dual-voltage compatibility and easy flash pattern selector.

- » Suitable for all types of vehicles including plant and agricultural machinery such as tractors
- » 12-24V operating voltage
- » Low power consumption
- » Resistant to knocks, bumps and vibration
- » 3 selectable flash patterns via dipswitches (double, quad & rotator)
- » Encapsulated electronics
- » Tough polycarbonate base & lens
- » Integral fresnel lens for improved 360 degree visibility
- » EMC R10 approved
- » IP65 rated (protecting against water jets)
- » Reliable in extreme temperatures (tested between -30°C and +50°C)
- » 1 year warranty
