MOUNTING + FITTING INSTRUCTIONS

Carefully inspect the product and all accessories before installing to ensure there are no damaged or missing parts.

Plan all cable routing before attempting installation

Ensure there are no obstructions limiting visibility to traffic.

If the product slides or moves easily, a proper installation has NOT been attained.

! CAUTION ! - Disconnect the battery before wiring up the product to prevent accidental shorting and/or electrical shock.

! CAUTION ! - When drilling into the vehicle surface, make sure the area is free from anything that could be damaged.

MODULE LENS CLEANING

Occasional cleaning is recommended to ensure optimal light output. Although tough, polycarbonate scratches easily. Clean lens with soap and water or a lens polish using a soft cloth.

! WARNING ! - Do NOT use solvents as they may damage the lens.

TROUBLESHOOTING
