This flood beam work light features a high thermal conductivity alloy plastic housing resulting in an economical design making it more reliable and providing a higher level of brightness, for longer.

- » Suitable for a variety of functional needs
- » Compact design
- » High thermal conductivity alloy plastic housing with polycarbonate lens
- » High-level EMC design avoiding electromagnetic interference
- » Lightweight housing and bracket will not corrode
- » IP67 Rated (water submersion) / IP69K Rated (powerful jet wash proof)
- » Meets all approvals including CISPR 25 Class 3
