

POP® Aftermarket Products **POPSet**® PS15-KIT Professional Manual Rivet Tool Kit

The POPSet® PS15 Professional Rivet Tool Kit contains a plier style hand tool made of robust aluminum casting with a vanadium steel handle design.

The PS15 tool is ergonomically designed to fit your hand with contoured grips for comfort. The tool is designed with a rivet retention feature allowing you to use the tool not only one-handed but in any position with the assurance that the rivet will not disengage from the nosepiece prior to setting.

The PS15-KIT contains the most widely used assortment of 8 different rivet varieties. The kit includes multiple sizes and materials as well as back-up plates (washers) to assist in applications.

All POPSet® Rivet Hand Tools have been designed to offer the best features available in the market today. These tools offer the quality, durability and reliability that is expected from genuine POP® Rivet Tools.
