

The Vignal LC5 Series Rear Combination Lamp is seen on many vehicles around the world. Otherwise known as a 'footprint lamp' or 'teardrop lamp', it can be horizontally or vertically mounted.

With European approvals to ECE R6, R7, R38, R23, R3, R4 (dependent on lamps functions) and ADR approved for specialist hauliers this is an extremely reliable lamp.

Dun-Bri Services stocks many variants so if you need any help, please do not hesitate to get in touch. Spare lenses and bulbs are also available.
