

INDUSTRIAL FLOOD WORK LIGHTS

8-LED / 6400 LUMENS

711.045

IP68

These ultra-high-powered industrial flood work lights use the latest LED technology to maximise the luminosity output resulting in a light that will cover a huge area even in pitch black conditions. Multi-voltage, ECE R10 approved and rated to CISPR 25 Class 4 - this light is the ideal choice for industrial applications. Available with 8-LEDs emitting 6400 lumens, or 12-LEDs emitting 10,200 lumens.
