FIND BY PRODUCT TYPE

Front Markers
Page 137

Sometimes known as front position lamps, our extensive range of front marker lights are all type approved to ECE Regulation 7

Side Markers
Page 145

Approved to ECE Regulation 91, we stock a huge range of side marker lights which do and not include reflex reflectors as required

Rear Markers
Page 155

For use in marking the rear of trucks and trailers, all of this selection of marker lamps are type approved to ECE Regulation 7

Outline Markers
Page 163

These marker lights combine multiple functions of front, side and/or rear marker functions. These can be marked with ECE Regulations 7 and 91, as appropriate

ABS Markers
Page 169

Designed specifically to indicate trailer ABS connections, they are only available in green and are not subject to 'E' marking

Tail-gate Markers
Page 170

Flashing warning marker lights for tail-gates on new and existing vehicles. Enhance your safety by preventing falls and trips

FIND BY BRAND

Aspöck®

Europe's leading manufacturer of lighting products for trucks and trailers. Look out for their complementary ranges of lighting throughout this section

- Front markers
- Side markers
- Rear markers
- Outline markers

Britax®

An established name in commercial vehicle lighting, Britax are part of the ECCO Safety Group and are focusing their new products on LED technology
