Lampy zgodne z wymaganiami ADR / Lamps in accordance with ADR requirements

Lampy WAŚ spełniają wymogi ADR, co potwierdzają świadectwa wydane przez niezależne, renomowane laboratorium. Lampy WAŚ są wystarczająco wytrzymałe i hermetyczne, z odpowiednio zabezpieczonym i dostosowanym okablowaniem. Zatem mogą być stosowane w pojazdach przeznaczonych do przewozu materiałów i towarów niebezpiecznych. Wszystkie nasze lampy z dopiskiem ADR przy numerze indeksu spełniają wymagania ADR dla pojazdów typu AT, FL, EX / II i EX / III i mogą być stosowane poza strefami O i 1. przed montażem prosimy zapoznać się z treścią raportu z testów ADR gdyż część lamp posiada dodatkowe obostrzenia dotyczące zasad prawidłowego montażu na pojeździe.

WAŚ lamps comply with ADR requirements, which is confirmed by certificates issued by an independent, reputable laboratory. The WAŚ lamps are sufficiently strong and hermetic, with properly secured and adapted wiring. Therefore, they can be used in vehicles intended for transporting hazardous materials and goods. All of our lamps with the ADR mark next to the index number meet the ADR requirements for AT, FL, EX / II and EX / III vehicles and can be used outside of zones O and 1. Please read the ADR test report before installation as some of the lamps have additional restrictions concerning the rules of proper installation on the vehicle.

Lista naszych lamp spełniających warunki ADR, podzielona ze względu na grupy produktowe:
The list of our ADR-compliant lamps, divided into product groups:

WAŚ Sp. z o.o. specialises in manufacturing lamps and retro-reflecting devices used in the automotive industry. We have been on the market since 1979, constantly developing our product range and manufacturing processes. We use the industry's most advanced technologies, thanks to which we can offer solutions of the highest class in the field of lighting for the automotive industry. We combine innovation with eco-friendliness and openness to new trends with thorough analysis of our clients' needs.

The company is located in Godzikowice near Oława, the fastest developing sub region of Lower Silesia. This is where our experienced and ever-developing team works on our products, which have also been valued for many years on foreign markets. We have exported our lamps to almost every country in the world.

Taking care of the highest quality of the products offered by WAŚ, we base our production process on innovative methods and the best quality materials. We have at our disposal a most state of the art machine park and our own photometric laboratory, which allows us to check the parameters of each lamp we produce.

The high standards applied in our company, within the scope of the design, manufacturing and sale of car lamps, retro-reflecting devices and other plastic products, are confirmed by the Quality Management Certificate ISO 9001; and the Certificate of Environmental Management System ISO 14001.

Numerous distinctions and awards such as 28 gold medals from the International Automotive Trade Fair in Poznań and our most recent awards: 1st place in the Ranking of Forbes Family Businesses, Forbes Diamonds, Polish Intelligent Development Award, Business Development Symbol, Reliable Company or Gazelles of Business.

There is a friendly, family-like atmosphere in WAŚ. While encouraging continual and dynamic growth, we maintain traditional and timeless values. Despite having a strong position on the market, we keep improving our product range with use of new technologies and through investing in our staff's skills and knowledge.

We invite you to familiarize yourself with our offer.
